

## **Resume of Mr. Ren Jianxin**

**Mr. Ren Jianxin**, Chairman of China National Chemical Corporation (ChemChina) and Chairman of the Board of China National Bluestar (Group) Co., Ltd. (Bluestar, a Joint venture established by China National Chemical Corp. and Blackstone Group), obtained his Master Degree of Economics in Lanzhou University. In 1984, with a loan of RMB 10,000 from the Institute and 7 youth people, Mr. Ren founded China's first professional chemical cleaning company -- China National Bluestar (Group) Company. Mr. Ren himself became the pioneer of China's Modern cleaning industry. In May 2004, approved by the State Council, companies under the former Ministry of Chemical Industry such as Bluestar have been restructured and united as China National Chemical Corporation (ChemChina) with Mr. Ren Jianxin as the President. From December 2014 till now, Mr. Ren Jianxin serves as the Chairman of the Board.

Ever since Mr. Ren started his business from scratch in 1984, he always carries the idea of serving the country and puts emphasis on innovation which has brought a rapid development and growth of enterprises. Created so many miracles, Mr. Ren was elected as China's "Top 10 M & A Figures", "The Most Famous Entrepreneurs" and "CCTV Annual Economic Figures" and was awarded the Medal of Honor Knight by France.
